Our fall line of women's waists is complete and fascinating—for every new idea is shown and the waists are priced with regard only for actual worth. No charge for newness, daintiness, or unusualness.

You'll enjoy inspecting the collection, even if you are not ready to buy. Come.

Misses' Fall Suits—Wonderful at \$15

Garments That Were Made to Sell at Prices from \$20 to \$25. An Unparalleled Offer for This Time of Year

ABSOLUTELY the greatest sale of high grade suits for misses ever announced by any store early in October is scheduled to take place here tomorrow. This is the result of months of planning—the order for these suits was placed nearly half a year ago, when makers were anxious for orders and willing to make great concessions to get early money. The materials are those greatest in favor for this fall, and you may choose from grays, blues, plums, browns, in all the best shades—also black.

The makers of these fine suits are well-known New York tailors with a reputation for original designs and thorough handiwork. These suits are notable not alone for the fine, soft-finished fabrics and the guaranteed Skinner or Belding satin lining, but also for their distinctive and elegant models and fashioning.

The skirts are beautifully made, cut extremely wide and finished at bottom with one or two folds of self material.

Our valuations—\$20 to \$25—are conservative.

Two Excellent Umbrellas

The "Beaconfield" at \$5

The "Fox Brand" at \$2.50

At their respective prices they are absolutely the best umbrellas that can be bought. They are exclusively ours and we guarantee them both; that we do willingly because we know how they are made.

The "Beaconfield" is a first-class silk umbrella of a better character in materials and general put-together than has been heretofore obtainable for \$5 its price; styles for men and women.

The "Fox Brand" is a very neat umbrella, covered with fine quality Union silk; warranted not to crack or split; styles for both men and women. \$2.50

The "Growler" Teddy Bear Men's Gloves

Nearest Possible Approach to the Real Thing

YOU wouldn't want a more interesting, amusing, and durable plaything for the little one than one of these "growing" Teddy Bears. They are the best imitation of a real live bear that has yet been produced.

Acts natural as can be. If you disturb its rest or handle it roughly it gives an angry growl, which affords endless fun for the children.

Do not confuse the "Growler" with the ordinary Teddy Bears that have a voice—the "Growler" is something different; it has a real growl.

The "Growler" is one of the newest specimens of the Teddy Bear on the market—and undoubtedly the best and most desirable. Special price, \$1.35

Tight Money Did It!

Men's Suits, Boys' and Youths' Overcoats

New and Fine, but at Less Than the Actual, Marked Wholesale Prices!

It is unnecessary to go into details of why. Every bargain story has an unhappy side to it—but it isn't the public side. Suffice it to say that the makers of these garments had to sacrifice them, and they are here for your choosing at less than the prices they intended to get at wholesale.
